Technologies: HTML & CSS, Bash, Git

Projects

IMS+ - Developed a Script via JavaScript which enhances the ITS Ticketing Website used at Stockton.

- **Shortcut Integration:** Implemented user-friendly shortcuts to enhance the ticket creation process, allowing for swift and efficient ticket creation and completion. Also, allows for more efficient site navigation without needing a mouse
- **Visual Enhancements:** Added heightened visibility for priority tickets, and formatted different themes of the site to reflect the implied user experience
- **User Interface:** Integrated a UI into the original website design, allowing users to view shortcuts from anywhere on the site

ModernCalc – Fully interactive, browser-based calculator inspired by Apple ([Live Preview](#))

- **Features:** Users can perform basic arithmetic operations and use features such as decimals, percentages, and negation. Keyboard use is supported and features a responsive design for mobile users with sound feedback. This project displays a sleek user interface showcasing advanced JavaScript functionality

Etch-a-Sketch – An interactive drawing app with an excellent user experience ([Live Preview](#))

- **Features:** Drawing using the cursor, customizable grid, dynamic brush colors, adjustable grid size, and an RGB mode. This project highlights DOM and JavaScript proficiency

Stockton University – *ITS Help Desk Technician*; Galloway, NJ

February 2023-Present

- Assist in the setup and configuration of computer systems, including hardware assembly, software installation, and network connectivity
- Provide timely and efficient technical support to employees/students, resolving hardware and software issues via phone, email, or in-person
- Document and track all user support requests using a ticketing system, ensuring accurate and detailed records of incidents and resolutions
- Maintaining a high level of customer satisfaction by delivering excellent customer service.
- Securely backing up employee data and performing computer imaging on new and preexisting machines

Wawa – *Customer Service Associate*; Long Beach Island, Manahawkin, Galloway NJ

April 2021-December 2023

- Handcrafted a diverse range of beverages in fast-paced, high-volume settings
- Strengthened customer service skills by greeting and assisting customers with their needs, providing product recommendations, and ensuring a positive shopping experience
- Operated cash registers accurately, and processed cash/credit card payments
